

OLD, OLD STORY AS TO SENATOR

Second Week Of Balloting Will Pass Without Any Selection Having Been Made.

BOTH HOUSES GET DOWN TO WORK

Long Discussion As To Certain Important Measures Came Up This Morning—Spring Shooting Measures To Be Killed.

[SPECIAL TO THE GAZETTE.]
Madison, Wis., April 25.—It is now certain that the second week of the voting for United States Senator will close without any choice having been made. The ballots taken every evening and the joint ballot at noon each day show no material change in the situation. Esch still stands among the leaders, but he is excluded from the conferences of Hatten, Lenroot, Cooper and Stephenson.

To Kill Bills
A the spring shooting bills are to be killed when presented from the committees to the Senate. This is

EDUCATED CUBAN IS VISITING IN CITY

Alfredo Encinosa of Havana is in the City En Route for London, England.

Alfredo Perez Encinosa, a young Cuban who is on his way to study veterinary surgery in London for the next five years, is in the city today on business. Mr. Encinosa is twenty-four years of age and is a graduate of the Booker Washington school at Tuskegee with the class of '05. He is very dark and for several years past has been employed upon the Havana papers and with American circuses visiting Cuba, as advance man. He understands the Cuban situation very well and expresses confidence that matters will adjust themselves nicely regarding the dispute. He is one of four young men to be sent by the Cuban government to study veterinary surgery, the other three going to New York and he to London. In Cuba he has represented the Parker Pen Co. of this city and will do the same in London.

DETAILS OF TREATY REACH WASHINGTON

Nicaragua and Salvador Decide on Terms for Their Future Conduct.

[BY ASSOCIATED PRESS.]
Washington, D. C., April 25.—The details of the treaty of peace and amity between Nicaragua and Salvador, which was signed at Amapala on Tuesday, were received at the state department today. The treaty is similar to that entered into a year ago known as the Marblehead pact. It includes a provision for a general Central American peace congress in Nicaragua in the near future.

Pittsburg Concern Loses Half Million Pounds in Destruction of Warehouse.

[BY ASSOCIATED PRESS.]
Pittsburg, Pa., April 25.—The Zoeller Packing company's plant, including a big warehouse in which there was a half million pounds of lard stored, burned early today. The loss is three hundred thousand dollars, and is partly covered by insurance.

SPIRITUALISTS ARE THE HEAVY LOSERS

Hundred Summer Cottages and Hotel at Lake Pleasant Went up in Smoke.

[BY ASSOCIATED PRESS.]
Miller's Falls, Minn., April 25.—About a hundred summer cottages and a hotel at Lake Pleasant, two miles from here, were destroyed by fire today. The loss is fifteen thousand dollars. The settlement was controlled by the Spiritualists' Camp-meeting association.

SNOW FALLING NEAR GRAND RAPIDS TODAY

Greater Quantity Than Came Down All Winter is on the Ground This Afternoon.

[SPECIAL TO THE GAZETTE.]
Grand Rapids, Wis., April 25.—More snow has fallen here within the last few weeks than during all the winter heretofore. Spring work is far behind and the snow storm of last night has discouraged many of the farmers. Similar conditions are reported from various points in northern Wisconsin.

one of the bits of legislation decided upon this morning. The Senate discussed the compulsory vaccination bill with long debates being heard on both sides of the question.

In the Assembly
The Elver bill for sterilization of the feeble-minded charges of state was up. It was recommended for killing, but after a long speech by Elver, the assembly by a vote of 24 to 68 refused to indefinitely postpone it. Then a long wrangle ensued on motions for re-reference to committee and finally the bill went to the judiciary for legal examination.

TRIED TO ROB TRAIN BUT DID NOT DO IT

Southern Road Near English, Indiana, the Scene of Daring Attempt Last Night.

[BY ASSOCIATED PRESS.]
Louisville, Ky., April 25.—An attempt was made last night to rob a passenger train on the Southern railroad near English, Ind. The robbers fired the bridge and W. E. Cummins, the town marshal of English, was dangerously wounded in attempting to arrest the robbers.

LOEB MAY BE NEXT TO HAVE BIG PLACE

Said That Roosevelt's Private Secretary Will Assume Charge of Street Railway.

[BY ASSOCIATED PRESS.]
Washington, D. C., April 25.—According to a rumor which has been in circulation for some time which was more defined today, William Loeb, Jr., secretary to the president, is to become head of the Washington Railway & Electric Company of this city. The corporation is owned largely by Philadelphia, New Jersey, and New York capitalists. The change is not expected to occur until January next.

FAVORS M'GOVERN IN THE LATEST DECISION

Question of Legality of Drawing the Grand Jury is Decided in His Favor.

[SPECIAL TO THE GAZETTE.]
Milwaukee, Wis., April 25.—Four circuit judges of Milwaukee county today decided that the jury commission law is constitutional. The law has been attacked by several of those who were indicted on charges of graft. The decision is in favor of District Attorney McGovern. It will be appealed and if the commission is decided illegal many of the grafting cases now before the Milwaukee courts may be wiped out.

[SPECIAL TO THE GAZETTE.]
Shanghai, April 25.—Practically all the foreign mission boards and societies of America were represented at the opening here today of the China Centenary Missionary Conference, held to commemorate the centennial anniversary of the beginnings of mission effort in China. The conference will last two weeks, during which time a special topic relating to mission work will be discussed each day.

ANARCHIST-RIOTER PLACED ON TRIAL

Italian, Arrested While Editing Paper in New England, is Accused of Leading Mob.

[SPECIAL TO THE GAZETTE.]
Paterson, N. J., April 25.—Much interest is manifested in the case of Luigi Gallani, the anarchist, which was called for trial today before Judge Francis Scott. The police department has taken great precautions to prevent any outrage or demonstration on the part of the local anarchists during the trial. Gallani is accused of having taken a prominent part in the great silk riots here in 1902, which resulted in loss of life and the destruction of much property. After the riots he fled from Paterson and was only recently found in a Vermont town, where he was editing a paper.

[SPECIAL TO THE GAZETTE.]
Carlisle, Pa., April 25.—Dickinson College today celebrated with becoming ceremonies the 225th anniversary of the granting by William Penn of this celebrated "Frame of Government" for the Colony of Pennsylvania, one of the remarkable political documents of American history. President George E. Reed presided over the memorial exercises and the principal address was delivered by Dr. Maurice D. Conway, of New York city.

MYSTERY SURROUNDS DEATH OF A WITNESS

Witness Against Milk Dealers Killed by Train Near Mauston under Peculiar Circumstances.

[SPECIAL TO THE GAZETTE.]
Mauston, Wis., April 25.—Thomas McGovern of Wauwaton, who was here as a witness for the state in the case brought by the state dairy commission against the milk dealers, was struck by the Pioneer Limited train on the St. Paul road last night. He was sixty years old. There is some mystery in connection with the death.

WANTED DAMAGES; THEN DISAPPEARS

Wisconsin Woman Who Acted as Housekeeper for Indiana Man Has Left His Home.

[SPECIAL TO THE GAZETTE.]
LaPorte, Ind., April 25.—Chas. C. Dinkert engaged Miss Matilda Samuelson of Iowa, Wis., as a housekeeper a year ago and later on married her. Yesterday she demanded \$1000 compensation for her affections. He refused this and she has disappeared. It is believed that she has gone to her home in Wisconsin.

ST. PAUL ROAD WILL STUDY COAL PROBLEM

Too Heavy an Expense in Use of the Back Diamond Will Lead to Investigation.

[SPECIAL TO THE GAZETTE.]
Portage, Wis., April 25.—An experiment of interest to railway men all over the country will be instituted by the C. M. & St. Paul railway. This company will hold coal meetings at various division points. Officers of the company have issued a statement showing that the cost of coal used by this railway for the eight months ending March 31, 1907, was over three and a million more than the cost for the corresponding eight months, a year ago. After allowing for increases in traffic and increases in the cost of coal, the officers find that more coal has been consumed this year than having equal amount of results a year ago. It is asserted that if the employees get together and study out the situation, the increase in expenses will be obviated.

CHANGE THE DATES FOR HOME COMING

Clinton Will Have Its Gathering Before the Saloons Are Able to Open.

[SPECIAL TO THE GAZETTE.]
Clinton, April 25.—It has been decided to hold the Home Coming Celebration of former Clinton residents on June 26, 27 and 28 instead of July 26, 27 and 28. While the committee give no reason, publicly for the change it is understood that the vote on election day licensing saloons again has been the direct cause and by changing the date the home coming can be held without the saloons being in existence. Plans are being made for an extensive celebration and while the change in date will affect the crowds that will be present the committee trust to be able to entertain all former Clintonites in royal style.

Truman Downing has been appointed Marshal of the town and has qualified and begun his duties.

Harry Conley, a former resident of Clinton, who has been in Minneapolis for many years, has moved to Janesville and taken a position in the Merchants and Mechanics' bank.

Florence Dugan, who at one time lived in Clinton, is the young woman who shot George Schumaker last Thursday evening.

JAMESTOWN EXPOSITION UNCOMPLETED FOR OPENING

But All Is In Readiness For Inaugural Exercises, and Majority Of Exhibits Are Set Up.

[SPECIAL TO THE GAZETTE.]
Norfolk, Va., April 25.—Norfolk, Newport News and their neighbors are blossoming out in a sea of color in anticipation of the opening tomorrow of the Jamestown Tercentenary Exposition. At the exposition grounds the managers and an army of workmen are getting things in the best possible shape for the opening. Although much remains to be done—as is the case usually with all such affairs—there will be more than enough novelties even at the start to interest all sight-seers, and the remaining attractions undoubtedly will be placed in position before many days have passed.

Visitors in considerable number are already arriving and the people of Norfolk begin to get some idea of the conditions that will confront them during the summer and fall. Governors and their staffs and many other public men were among today's arrivals. The visitors who came merely to see arrived by the hundreds. Though the rush came like a tidal wave everybody was promptly and properly cared for. Bureaus of information provided quarters for all who applied for them. The distinguished guests were met by escorts and conducted to quarters previously set apart for their comfort and entertainment. Many regular and state troops have come in during the day to take part in the military pageant that will be a feature of the opening exercises.

When President Roosevelt reaches here tomorrow on the yacht Mayflower, he will receive a salute from the largest fleet ever assembled in these waters. Sixteen modern battleships flying the United States flag and under Rear Admiral Evans are now anchored in Hampton Roads. Prominent among them are the battleships Louisiana, Maine, Virginia, Georgia, New Jersey, Rhode Island, Alabama, Illinois, Kentucky, Ohio, Iowa, Connecticut and Minnesota. In addition there are six first class cruisers and a number of torpedo boats, making an aggregation of thirty-six warships of the various classes, and constituting the most powerful fleet ever assembled in the waters of the United States.

Nearly a score of foreign warships will participate in the great naval pageant. Among the vessels already here or which are expected to arrive in Hampton Roads before noon tomorrow are the British armored cruisers Argyll, Good Hope, Hampshire and Roxburg; the German cruisers Roon and Bremen; the Italian cruisers Garibaldi and Liguria; the training ship Presidente Sarmiento of Argentine navy; the Portuguese protected cruisers Don Carlos, the Austrian cruisers Sankie, Georg and Aspern; the battleship Riachuelo, cruiser Barroso and gunboat Tamayo of the Brazilian navy. Later this fleet will be joined by vessels representing the navies of France, Chile, Japan, Denmark and Sweden.

The Virginia State building at the exposition grounds is to be the scene this evening of the first social function that will help make notable the opening ceremonies. The affair will be a reception by Governor and Mrs. Swanson in honor of the visiting governors and their distinguished guests. The program for the opening exercises tomorrow will be carried out as previously announced. At sunrise the Norfolk Light Artillery Blues stationed at the exposition grounds will fire a salute of 300 guns in commemoration of the three hundredth anniversary of the first English settlement of America. Upon the anniversary of the first English settlement of America. Upon the arrival of President Roosevelt in Hampton Roads a salute will be fired by the United States and foreign warships there assembled. When the President arrives at the exposition grounds he will be met by a military escort. Promptly at the hour of 11:30 he will be escorted to the reviewing stand, on Lee's parade, where the following exercises will take place.

Opening prayer by the Rt. Rev. Alfred Magill, bishop of the diocese of southern Virginia. Address and introduction of the President of the United States by Hon. Harry S. G. Tucker, president of the Jamestown Exposition company. Address by President Roosevelt and formal opening of the exposition. Immediately after the formal opening of the exposition President Roosevelt will review the parade, of which Major General Frederick D. Grant will be grand marshal, and which will be participated in by the lands and marine forces of the United States and squads of sailors and marines from the foreign warships.

From 5 to 6 in the afternoon a reception will be tendered President Roosevelt by the officers and directors of the exposition company in the rotunda of the auditorium building. The President will receive the diplomatic corps, the visiting governors and other dignitaries.

President's Jamestown Trip.
Washington, D. C., April 25.—With an interesting historical speech tucked away in his pocket, President Roosevelt will board the converted yacht Mayflower early this evening for his trip to Jamestown, where he is to deliver the principal address tomorrow at the opening of the exposition. The route will be by way of the Potomac river and Chesapeake bay. The water trip will occupy the entire night and will afford the President an opportunity to get a good rest, preliminary to the duties of the day ahead.

The diplomatic party and a number of government officials of high rank who are to attend the exposition opening will leave this evening on the steamer Newport News. The party will number more than 100 persons and will include ambassadors, ministers and secretaries of embassies and legations, and the women of their families.

SWEDEN TO REDUCE THE DUTY ON CORN

Duty on Corn is to be Dropped Over a Two-thirds Per Hundred Kilograms.

[BY ASSOCIATED PRESS.]
Stockholm, Sweden, April 25.—The parliamentary committee appointed to discuss the duty on corn has reported in favor of a reduction of the tax from about 92 to about 38 cents per hundred kilograms. It is expected the action will greatly increase the importation of American corn.

MILWAUKEE MEN HIT VERITABLE BONANZA

Buy Farm to Raise Vegetables and Discover a Gravel Pit of Much Value.

[SPECIAL TO THE GAZETTE.]
Milwaukee, Wis., April 25.—The Milwaukee hotel men's syndicate has included what might be called a gold mine. Recently this syndicate which includes all of the leading hotel keepers in this city, bought a farm a few miles west of Milwaukee for the purpose of raising vegetables and getting eggs and chickens and other kitchen necessities for the use of the members. Today an almost inexhaustible supply of first class gravel was discovered on the farm. The hotel men have been assured that they can sell enough of the same to pay for the farm in a short time. The railway will build side tracks to the farm to haul away the gravel.

Presbyterian Church Entertain-

ment Tuesday Evening.

April 30th.

Mrs. Emma D. Lemmon, a graduate
of the Boston School of Oratory and
a very successful entertainer in the
larger eastern cities will give an en-
tertainment at the Y. M. C. A. hall
under the auspices of the Ladies' Mis-
sionary Society of the Presbyterian
church. She will be assisted by Mrs.
John Rexford and the Janesville Sym-
phony Orchestra. The program will
consist of readings, impersonations,
and music. The entire proceeds go to
the fund of the Ladies' Society and
every member and friend are cordially
invited to be present and enjoy the
evening's entertainment.

TUESDAY EVENING, APRIL 30, 8

O'CLOCK—ADMISSION, 25c.

Among the many good words which
those who have heard Mrs. Lemmon
say are the following from "The Morn-
ing Daily," St. Ignace, Mich.:

"Emma D. Lemmon's entertainment at
the M. E. church attracted a large
audience. Her voice is wonderfully
flexible, smooth, bell-like, and she has
it in perfect control. Her presence
is fine; she is beautiful and dresses in
simple elegance. Every gesture is
made in perfect naturalness, and so
easy is her manner that from the first
criticism is disarmed and one settles
down for an hour's enjoyment. So
well pleased was the audience with
Mrs. Lemmon that at the instance of
Lawyer Hoffman a vote was taken to
give a second entertainment on Tues-
day night and again the house was
crowded by an appreciative audience.
Mrs. Lemmon came among us a
stranger but she left with many ad-
miring friends."

DEEP MYSTERY
IS IN THE AIR

WASHINGTON WAITS TO SEE
WHAT IS COMING NEXT WEEK.

INLAND WATERWAYS TALKS

Commission Appointed to Discuss Ex-
penditure of Money For Improve-
ments of the Rivers and Harbors.

[SPECIAL TO THE GAZETTE.]

Washington, D. C., April 25.—These
are days of mysterious conferences
and equal mysteries and black "con-
spiracies," so far as politics are con-
cerned. As a matter of fact, it is
very probable that a number of those
who believe themselves to be presi-
dential possibilities are taking them-
selves over-seriously, and that they
will have shot their bolt long before
the gavel of the chairman falls in the
republican convention in 1908. Al-
though popular as ever with the coun-
try, proof is multiplying rapidly that
there is considerable resentment in
many sections of the President's effort
to dictate his successor. This resent-
ment originates in no spirit of enmity
to Mr. Roosevelt, or of his administra-
tion, but in the very natural belief
that the people of the United States
should be left free to select the Presi-
dent, and that the powerful prestige
of existing patronage should not be en-
listed to enforce a decision. The
shadow of the Big Stick has caused
murmurs of discontent that certain
party leaders fear may grow into re-
volt. The fact that this conviction is
being borne in on the White House is
reflected in a statement made one day
this week by Henry W. Taft of New
York, brother of the Secretary of War,
just after a long, private conference
with the President on the "political
situation in Ohio. When asked whether
his brother would go to Ohio to take
part in the campaign started by
Senator Tappan, he declared that so far
as he knew, the Secretary of War
would make his trip to the Philippines
as originally planned. "It is scarcely
reasonable to suppose that he would
have made this flat statement unau-
thorized, in the face of repeated re-
ports from the White House that Mr.
Roosevelt's cabinet officer would take
the stump in his own behalf. The ap-
parent change in plans would indicate
that the President has decided not to
stamp his personality too strongly
upon the coming party fight.

Much interest is being taken in
the approaching initial meeting of the
newly appointed Inland Waterways
Commission. This meeting probably
will be called by Congressman Theo-
dore E. Burton of Ohio, as chairman,
for May 1. The commissioners are,
besides Chairman Burton, Senators
Newlands and Warner, Congressman
Bankhead, General Alexander McKe-
nzie, Dr. W. J. McGee, J. H. Newell,
Gifford Pinchot, and Herbert Knox
Smith. The appointment of this
commission is looked upon as one of
the most important acts of President
Roosevelt's administration. The com-
mission will consider the question of
waterways improvement, not alone
from the important standpoint of mak-
ing the rivers and harbors navigable,
but with a view to preventing the dis-
astrous floods that in the spring and
fall of each year have on the banks
of the big streams, sweeping away
property valued at millions of
dollars. In President Roosevelt's let-
ter, in which he announced the crea-
tion of the commission and outlined
its duties, he declared that he was in-
fluenced in appointing the new board
by the fact that the railroads were no
longer able to move crops and manu-
factures rapidly enough to secure the
prompt transaction of the business of
the nation; and that there appears to
be but one complete remedy—the de-
velopment of a complementary system
of transportation by water. The Na-
tional Rivers and Harbors Congress
will lend its powerful aid to insuring
the success of the commission's en-
deavors. The organization is pledged to
congress the necessity of appropriat-
ing not less than \$50,000,000 a year
for the prosecution of this work that
is of such importance to the country
at large.

Don't abuse the skunk. According

to an official bulletin on the "grass-

hopper problem," prepared by F. M.

Webster and issued by the agricul-

tural department, the very highest praise

should be given this much skunked

animal. Mr. Webster does not con-

tend that the skunk should be taken

into the bosom of the family, but he

maintains that they are very fond of

grasshoppers and are deemed by the

Bureau of Biological Survey as the

most useful of animals. While they

are not recommended as a pet for

flat dwellers, nor as a desirable ac-

quisition to the average household, Mr.

Webster says they deserve protection,

rather than destruction by the farmer,

so, save your skunks.

Unless its name sinks the ship, the

Wiener Maennergesangverein of Vi-
enna, will arrive in Washington on May
25th to sing for the edification of Presi-
dent Roosevelt. The three songs that
President Roosevelt will listen to from
the throats of the 700 chorists will
represent an outlay of a little over
\$50,000 each. This probably is a re-
cord price, and is based on the fact
that the trip will cost the Wiener
Maennergesangverein \$150,000, the
ship they are coming on being char-
tered by them for \$65,000 alone. The
society leaves Vienna this week and
will arrive in New York May 5th. Its
members will come directly here on a
special train, will remain a few
hours, and return to New York where
they will give a concert, as guests of
the Deutsche Liederkreis.

Reports continue to pour in concern-
ing the awful conditions of the starv-
ing peasants of Russia. Dr. Kennard,
commissioner of the Society of
Friends, who was sent to investigate
the situation, has reported from Sa-
mara, in the heart of the famine dis-
trict, that the suffering is fearful and
that twenty million unfortunates are
facing death. He appeals to the Uni-
ted States and Great Britain to lend
their powerful aid. According to Dr.
Kennard, there are three hundred
thousand small children in Samara
province who have no milk, and are
forced to eat the coarsest bread, com-
posed largely of acorns, powdered
wood and cucumbers. There is no
nutrition in this food whatsoever, and
thousands are dying a lingering death
by starvation, while disease mercifully
removes others more quickly. Under
the leadership of Bishop Potter, a
relief committee has been organized
in New York City, with headquarters
at 135th East 15th street, known as
the Russian Famine Relief Fund. This
organization has investigated thor-
oughly the conditions existing in
the stricken province of Russia, and
has found that \$5 will save a life un-
til the next harvest, when the situa-
tion will be ameliorated. Even the
smallest contributions are welcome
from generous Americans, and Presi-
dent Roosevelt has most heartily en-
dorsed the work that Bishop Potter's
organization has undertaken.

Rumors are continuously cropping
up relative to the supposed retirement
of Secretary Root and Secretary Wil-
son. Neither of them has any founda-
tion in fact, but that concerning the
Secretary of Agriculture is ridiculous.
Secretary Wilson's tenure in the of-
ficial household of President Roosevelt
is certain. According to a report the
President is declared to have said that
he has only one request to make to
his successor, and that would be that
Mr. Wilson be continued as head of
the Agricultural Department for a
few months, so that he might break
records for the length of continu-
ous service in the cabinet. The re-
cord, it would appear, is credited to Al-
bert Gallatin of Pennsylvania, who
was appointed Secretary of the Treas-
ury in 1802 by Thomas Jefferson, was
reappointed by President Madison, and

..Forty Years Ago..

Janesville Daily Gazette, Thursday, April 25, 1867.—Broke Ground.—We observe that Mr. Peter Myers has commenced the work of excavating the cellar of the new block which he proposes to erect on Milwaukee street adjoining his hotel.

New Carriage Shop.—Finding his present carriage manufactory altogether too small for his business, Mr. Robert Hodge proposes to erect a large building on Bluff street, north of Milwaukee, which will more nearly meet his requirements. We are glad to note his evidence of enterprise.

Silver Spoon Manufactory.—Among the new institutions recently established in this city is one for the manufacture of silver spoons. It is an enterprise entered into by Mr. James Webb and will supply a much felt want in the community, as many people have old silver which they desire to have worked over. Comparatively

few persons, we apprehend, are aware that the best silver spoons are made entirely by hand—being hammered out, as a blacksmith forges his iron. As a new branch of industry, this spoon manufactory is a welcome accession to the place.

The Eight Hour Movement.—A large and enthusiastic meeting was held at Milwaukee on Tuesday evening by the workmen who favor the eight hour movement. All the different trades were well represented. James McBeth, a machinist, made an earnest and potent speech in favor of the day's pay ought to be given up in order to secure a good thing and argued that by throwing twenty per cent of their labor out of the market a demand would be created and wages again advanced.

The meeting adjourned to meet again in a few days, when it would be decided whether ten or twenty per cent would be voluntarily thrown off their wages.

FROM THE JESTER

BY GEORGE O. BAKER.

Marital Confidences
Wife—Don't you think I grow better looking as I grow older?
Hubby—Yes, and it's really too bad you can't live as long as they did in Bible times. You might then become a veritable beauty.

Why It Was Boiled
Mrs. Outsirts—Is it really true that you boil the city water before using it?
Mr. Park Rowe—Yes, you see it's not quite thick enough to bake or fry.

HEAVY SNOW AT GREEN BAY.
Traffic Suffers in Wisconsin Town—Cold Weather at Omaha.

Green Bay, Wis., April 25.—The second severe snow storm of the spring raged here Wednesday. Six inches of snow were recorded. Traffic is suffering great delay and still greater trouble is anticipated Thursday on interurban lines and with telegraph and telephone connections. Several coal boats on their way here are expected to experience difficulty in making port.

Omaha, Neb., April 25.—The mercury fell here Wednesday afternoon from 74 above zero at two p. m. to 45 at five o'clock, and at nine o'clock was still going down. A special from Norfolk, Neb., says:

A blizzard is reported to have struck the Rosebud reservation in South Dakota, northwest of here, at nine o'clock. A driving wind and fine snow arrived there from the north-west.

SPORTSMEN'S SHOW FLOODED.
Huge Water Tank Bursts in Duquesne Gardens, Pittsburgh.

Pittsburgh, April 25.—Five minutes after the sportsmen's show opened Wednesday night in the Duquesne gardens in the east end section of the city, a huge tank containing 100,000 gallons of water broke from its confines, flooded a section of the garden and destroyed many of the decorations.

Several hundreds of spectators rushed for the various exits panic stricken, but none was injured.

Appeal Granted Condemned Men.
El Paso, Tex., April 25.—Richardson, Mason and Harle, the Americans who are under sentence of death at Chihuahua, Mexico, for murder to secure insurance money, were granted another lease on life Wednesday when the federal court sitting in Juarez, after refusing a writ of habeas corpus, granted an appeal to the supreme court of the republic of Mexico.

Plato Made American Archbishop.
St. Petersburg, April 25.—Right Rev. Sergius, bishop of Finland, having indicated his unwillingness to succeed Rev. Dr. Tikhon as archbishop of the orthodox Russian church in the United States, the holy synod met again Wednesday and elected Right Rev. Plato to the post.

Food For The Growing Child
Whole-Grain Preparations Declared of Greatest Value In Development of Body and Mind.

"The growing child especially needs those elements that are found in whole grain preparations," says the writer of a recent magazine article on "The Best Foods for Growing Children."

Malta-Vita is the perfect whole wheat food, rich in every nutritive element demanded by the body of the child and just as healthful and strengthening for the child's parents and older sisters and brothers. Being a pure grain product, simply the whole of the best white wheat and a little salt, mixed with pure barley malt extract, Malta-Vita supplies the body with all those food elements which make bone, blood, muscle and brain and bring perfect health.

The malt extract is added after the wheat has been thoroughly cooked and steamed and converts the starch of the wheat into maltose, or malt sugar, which is highly nutritious and easily assimilated even by very weak stomachs. Physicians recommend maltose for its strength-giving qualities.

Malta-Vita is rich in it. After being treated with the malt extract, the wheat, rolled into little water flakes, goes to the oven, where it is baked, crisp and brown, delicious beyond description. All grocers, now 10 cents.

DESTRUCTIVE FIRE IN ALLEGHENY, PA.

PLANT OF THE ZOELLER PACKING COMPANY BURNS.

LOSS MAY REACH \$500,000

Once Under Control, the Conflagration Breaks Out Afresh—Fatal Explosion in Indiana Manufactory Plant.

Pittsburg, Pa., April 25.—The Zoeller Packing company's plant, occupying two acres of ground on Spring Garden avenue, Allegheny, was destroyed by fire Wednesday night. The loss may reach \$500,000.

The origin of the fire has not been ascertained. It burned rapidly and for a while adjacent property was threatened. Considerable livestock narrowly escaped cremation and thousands of dollars' worth of cattle killed Tuesday was destroyed.

Four alarms were sounded and it was believed for a time that assistance would have to be summoned from Pittsburg.

Breaks Out Afresh.
Shortly before two o'clock in the morning the fire broke out again, spreading to a large warehouse in which was stored 500,000 pounds of lard. The entire building and its contents were destroyed.

At 2:15 a. m. the fire was burning fiercely and several alarms calling out all the fire apparatus in the city had been sounded.

The loss from the first fire was estimated at \$400,000 and this was greatly increased by the second outbreak.

Fatal Explosion in Indiana.
Alexandria, Ind., April 25.—One man was killed, two seriously burned and the American Insulating Material Manufacturing company's plant damaged to the extent of \$25,000 by an explosion of a large blast furnace Wednesday afternoon. A large boiler is used in connection with the furnace and it is said cold water turned into the boiler caused the explosion.

Cotton Mill Burns.
Brunswick, Me., April 25.—One of the cotton mills of the Cabot Manufacturing company here was damaged by fire and water early Thursday. Several thousand bales of finished goods and much machinery were injured by the water. The loss is probably in excess of \$100,000, insured.

FOR SECRETARY OF PORTO RICO.
W. F. Willoughby, Now Treasurer, Likely to Have the Place.

San Juan, Porto Rico, April 25.—The selection of William F. Willoughby as secretary of Porto Rico to succeed Regis H. Post, who has been made governor, is practically insured. Mr. Willoughby is now treasurer of the island and he was recently elected president of the executive council.

Washington, April 25.—Secretary Taft Wednesday night said that he would ask the president to consider the appointment of William F. Willoughby as secretary of Porto Rico, but that the appointment had not been definitely settled upon.

Victim of Own X-Rays Dies.
Chicago, April 25.—Wolfman, C. Fuchs, an X-ray expert of international reputation and one of the original exponents of its use in this country, died at his residence, 5438 Ingleside avenue, Wednesday of carcinoma, induced by burns received two years ago during his scientific researches.

Steamer Is Burned at Sea.
Bridgetown, Barbadoes, B. W. I., April 25.—The British steamer Thornhill, Capt. Dickson, which left New York April 5 for Pernambuco, Bahia, and other South American ports, was burned at sea and sunk April 16.

Whole-Grain Preparations Declared of Greatest Value In Development of Body and Mind.

"The growing child especially needs those elements that are found in whole grain preparations," says the writer of a recent magazine article on "The Best Foods for Growing Children."

Malta-Vita is the perfect whole wheat food, rich in every nutritive element demanded by the body of the child and just as healthful and strengthening for the child's parents and older sisters and brothers. Being a pure grain product, simply the whole of the best white wheat and a little salt, mixed with pure barley malt extract, Malta-Vita supplies the body with all those food elements which make bone, blood, muscle and brain and bring perfect health.

The malt extract is added after the wheat has been thoroughly cooked and steamed and converts the starch of the wheat into maltose, or malt sugar, which is highly nutritious and easily assimilated even by very weak stomachs. Physicians recommend maltose for its strength-giving qualities.

Malta-Vita is rich in it. After being treated with the malt extract, the wheat, rolled into little water flakes, goes to the oven, where it is baked, crisp and brown, delicious beyond description. All grocers, now 10 cents.

WISCONSIN WEATHER FORECAST

Fair tonight and Friday, rising temperature.

AUTOMOBILE LEGISLATION

The state of Wisconsin is only one of many states that has found it necessary to pass stringent laws in attempting to regulate the speed of these new vehicles.

The Illinois speed in cities is to ten miles and in the country to 20; Kansas had the same limits, Maine, eight and fifteen; Minnesota, eight and twenty-five; New York, ten and twenty; Vermont, six and fifteen; Massachusetts, twelve and twenty; Ohio, ten and fifteen and twenty; District of Columbia, twelve and fifteen; Pennsylvania, ten and twenty; Virginia, eight and fifteen.

It will be noticed by comparison that the Wisconsin laws are liberal, with no cause for complaint. If 100,000 race horses had been turned loose on the country during the past five years, and placed in the hands of all sorts of people to drive on the streets and public highways, many of whom didn't know enough about a horse to tell the difference between the "off and nigh" side, there would be a general uprising on the part of the public.

That is exactly what has happened, except that in place of the horse, 100,000 road engines, of virulent type, with speed capacity varying from 20 to 90 miles an hour, have been placed in the hands of all sorts of engineers, many of whom don't know the difference between a spark plug and a lantern.

It requires some brains, and some mechanical knowledge, and ingenuity to run a gas engine, and it is apparent to casual observation that many self-installed chauffeurs are destitute of every requirement.

The man who drives a horse around a corner, on a busy thoroughfare, at a ten-mile clip, is usually full of booze, but the automobile driver, entrenched behind his horn, does the same thing with impunity and wonders why people don't get out of the way.

There will be no need for automobile regulation when the people who run the machines develop judgment and knowledge, and exercise ordinary common sense. Until that time comes the people are entitled to protection and public sentiment will demand it.

WHERE HE STANDS

There is never very much uncertainty about the attitude of President Roosevelt on any question which he discusses. Whether dealing with corporations, high finance, or labor problems there is no uncertainty about his position.

This fact has again been emphasized in a letter to the chairman of the Cook County Moyer-Haywood conference, a labor organization with a peculiar mission.

Moyer and Haywood are the miners accused of the murder of the late Governor Steunenberg of Idaho which occurred during the labor riots some two years ago.

When the President was having his little talk with Harriman, not long ago, he disposed of the incident by saying that Harriman, Moyer, Haywood and Debs were undesirable citizens.

The Cook county conference objects, and claims that this statement is liable to prejudice the jury, when the accused men are brought to trial, to which the President replies:

"I entirely agree with you that it is improper to endeavor to influence the course of justice, whether by threats, or in any similar manner."

"For this reason I have regretted most deeply the action of such organizations as your own in undertaking to accomplish this very result in the very case of which you speak. For instance, your letter is headed 'Cook County Moyer-Haywood-Pettibone Conference,' with the headlines, 'Death can not, will not, shall not claim our brothers.'"

"This shows that you and your associates are not demanding a fair trial or working for a fair trial, but are announcing in advance that the verdict shall only be one way and that you will not tolerate any other verdict. Such action is flagrant in its impropriety, and I join heartily in condemning it."

After denouncing parades and labor demonstrations, whose only object is to influence public sentiment in favor of the condemned men, the President says with great significance:

"I challenge, as a right the support of all good Americans, whether wage earners or capitalists, whatever their occupation or creed or in whatever portion of the country they live, when I condemn both the types of bad citizenship which I have held up to reprobation. It seems to me a mark of utter insincerity to fail thus to condemn both and to apologize, for either robs the man apologizing of all right to condemn any wrong-doing in any man, rich or poor, in public or in private life."

"You say you ask for a 'square deal' for Messrs. Moyer and Haywood. So

do I. When I say 'square deal' I mean a square deal to everyone; it is equally a violation of the policy of the square deal for a capitalist to protest against denunciation of a capitalist who is guilty of wrongdoing, and for a labor leader who has been guilty of wrongdoing. I stand for equal justice to both, and so far as in my power lies I shall uphold justice whether the man accused of guilt has behind him the wealthiest corporations, the greatest aggregations of riches in the country or whether he has behind him the most influential labor organization in the country."

The people of the country had but little sympathy for Harriman, when he was denounced by the President, two years ago, and they will endorse his attitude toward labor agitators and walking delegates. The worst enemy to labor is the class of men who are constantly inciting to trouble and this fact the President fully recognizes.

THE CIVIL SERVICE LAW

One of the first snags encountered by Mayor Busse of Chicago, is the civil service law, and he is making an effort to have it modified by the legislature now in session.

He has made the discovery that many of the time-serving employees are civil service protected and not in sympathy with the business reforms which he proposes to establish. Like every other man who holds a position of trust and responsibility, he realizes the importance of being surrounded by a class of co-workers on whom he can rely for loyal support.

The civil service law, whether in Chicago or elsewhere, is a cloak for incompetency and inefficiency, and in many cases is a burlesque of the most pronounced type. Because an applicant can pass a civil service examination, it does not follow that he can fill the position to which he aspires. He may be, and frequently is, lacking in the most essential qualifications, and if not he soon becomes a time-server because of the protection which the civil service affords.

The people have a right to demand that the public business be conducted with the same degree of energy and intelligence as a private business and yet it is handicapped by a senseless law that no private business would tolerate for a moment.

The republicans of Chicago, aided by the businessmen of all political creeds, have elected a businessman for mayor. They expect much of him, and his initial work gives promise of many much-needed reforms, but his administration will be a failure unless he can rid the city of a lot of incompetent civil service protected employees.

The section boss of a railroad hires and discharges his men at will. The corporation behind him recognizes the importance, as well as the justice, of giving him authority to this extent. But the mayor of a great city, like the postmasters of the land, is deprived of this authority, and then held accountable for his work.

The principle is wrong, and when rigidly applied, it means, in many cases, the most inefficient service. Mayor Busse is entitled to a chance to redeem Chicago. The school system, the police system and the public utilities are honeycombed with all sorts of incompetency. Wild and woolly theories have been exploited to the detriment of the city. The new mayor is entitled to a chance and the people should give it to him.

A gentleman who has resided in San Francisco for half a century, says that the city is making very slow progress in the work of rebuilding. He attributes the fact, in large measure, to organized labor conditions, and says that skilled mechanics of all kinds demand from five to eight dollars for eight hours' work.

The exorbitant price of building materials is a handicap to many contemplated improvements and new enterprises. As a result the labor market is likely to be overstocked. This is the first time in the history of the nation when prosperity is regarded as a menace.

The President is being freely criticized by organized labor leaders, for his letter to the Moyer and Haywood conference. This was to be expected. Debs also objects, but the President will survive. If any mistake has been made it was in recognizing this class of agitators by correspondence.

Cornelius P. Shea is again on deck, conducting a teamsters' strike in Boston. The businessmen have raised \$100,000 to help out the employing teamsters, and the claim is made that there will be no compromise.

Kansas has taken a long stride toward prohibition by refusing to permit breweries to own and operate saloons in the state.

Texas cities have been noted for gambling, but the rigid laws, now being enforced, is bringing about a radical reformation.

Once more it is forcibly brought to mind that this country is rightly dubbed the dumping ground of the nations. La Crosse to Have Bread Law.
La Crosse Leader-Press: A new ordinance, it is said, will provide that bread sold in La Crosse hereafter must be marked with its weight, a paper tag showing whether a loaf weighs 11, 12 or 16 ounces, or other actual figure. The present law, which prohibits the sale of loaves under 16 ounces, has not been enforced and probably cannot be if anyone cares to resist it. It is doubtful that any authority rests in the common council to prevent loaves of any size, or

weight being manufactured and sold. But what the council can do is to prevent deception by requiring that the weight be marked on the bread.

CONVERSATIONALLY.

"I think one ought to come up and see you a few times before having their dental work done," said a lady patient the other day.

She meant for them to get used to the office and the dentist in order to get over the "condition of dread and fright" which many people work themselves into when they think they have to go to the dentist.

This was her second visit to Dr. Richards and she had just had several bad teeth extracted.

She was greatly pleased to find how easy Dr. Richards made it for her. And wondered that she ever could have feared the experience so much.

"Didn't hurt you," said the husband.

"No, not enough to mention," said she.

That's the way it goes every day in Dr. Richards' office.

Patients fearful and timid. Timidity finally removed. Dental work finished. Patients amazed at the freedom from pain.

Patients thankful and express their gratitude. And then they send their friends. Try him for yourself and family. He is also a reasonable man in his prices.

AVON DRAINAGE DITCH IS A GO

JUDGE GRIMM'S ORDER CONFIRMING COMMISSIONER'S WORK FILED.

ASSESSMENTS TOTAL \$21,700

Demurrer Argued Today in Case of C. M. & St. P. Ry. Co. vs. the City—Two Divorce Actions.

Judge Grimm's order confirming the commissioners' report of assessments in the matter of the organization of Avon Drainage District No. One, was filed with the register of deeds today. It will be remembered that remonstrances against the report were offered by Jennie J. Benson, Peter Crave, and F. O. Mitchell, owners of land affected by the proposed ditch. The court finding that the remonstrances wholly failed and neglected upon the time appointed or at any time subsequent thereto, to offer any proof or evidence, and having taken the testimony and evidence of the commissioners in support of their report, holds that the notice, presentation, and filing of the petition originating the proceedings, was in all respects and particulars given, posted, and published as required by law; that the commissioners John Hyland and C. H. Storch, notwithstanding the fact that they are owners of land alleged to be benefited, are competent to act with Leroy Stokes in carrying on the work; that the order of the court appointing the commissioners was not and is not void by reason of the failure to appoint a guardian ad litem for the minors interested prior to the time of making said order; that the subsequent appointment of the guardian ad litem was timely; that the public health and welfare will be promoted by the undertaking and the total benefits will exceed the aggregate costs; that no lands within the proposed district are assessed too high, or too low, or improperly; that no damages should be awarded to the remonstrants; and that the proposed work as outlined by the report is feasible.

Wherefore it is ordered that the report be confirmed in all respects and particulars, without modification and the proposed work is established and authorized. The assessment is confirmed and created as a lien against the 86 parcels of land in the town of Avon. The total assessment is about \$21,720, and the several pieces of property in Sections 29, 30, 31, 32, 33, 34, 35, and 36 are variously taxed from \$10.63 to \$425.70. The district is declared organized and the commissioners ordered to file bonds of \$10,000. The assessments are to be paid in five yearly installments, the first on Nov. 1, 1907, and such installments are to draw interest from the date of the order. Commissioners are instructed to borrow money, not exceeding 6 per cent, and not running beyond a year after the last installment, and to advertise for bids and let the contract.

In circuit court this morning was argued the demurrer in the action of the C. M. & St. P. Ry. Co. vs. the City of Janesville to condemn land for sewer purposes. Two divorce cases are to be heard this afternoon. The first is brought by Mrs. Belle M. Stoneburner of Beloit against her husband, Henry R. Stoneburner, the grounds being cruel and inhuman treatment and non-support. The plaintiff left her husband about a year ago after passing in his company six weeks during which time she alleges he did not speak to her or furnish enough food for her to live on. They have been 18 years married. Atty. Cornelius Broke appears for the plaintiff and Atty. Adams for the defendant. The other case is that of Abe Bouer of Beloit vs. Margarette Bouer.

GREAT DEMAND FOR GOOD WORK HORSES

High Prices Paid at Monthly Sale Today—Change in Proprietors of East Side Hitch Barn.

There was a great demand for good work horses at the regular monthly horse sale held at the East Side Hitch Stable today. The display of animals was smaller than a month ago, the greater number of farmers being busy in the fields. The horseflesh that was shown was quoted high and a number of high priced deals were closed. One horse sold for \$225.

C. P. Mathias, who has been in charge of the barn since it was opened retired yesterday, selling his lease to M. E. Hilton of this city. Mr. Hilton will conduct monthly horse sales as planned by Mr. Mathias.

Early this afternoon two spectators at the sale mixed in an argument that was not settled to the satisfaction of either. Words, though they grew hotter and hotter as the discussion progressed, failed to change either disputant and fists were brought into play. Officer Brown was on the scene and soon separated the two clients and forms. The men gave their residences as Edgerton and seeming willing to drop the argument were not arrested.

MANY INNOVATIONS AT THE CLUB HOUSE

Golf Links Promise to Be a Popular Place This Summer Again—Extensive Plans.

What promises to be the banner year for golfers is in store for the members of the Janesville club this coming season. The house committee have their hands full planning for the general spring house-cleaning, a rearrangement of the pictures, little changes that will make the club house more attractive. The opening day—Decoration Day, Thursday, May 30—is to be full of special features. At noon a club luncheon is to be served and later the club dinner. It is really to be a good old-fashioned donation party and from the proceeds the ladies hope to be able to have enough money left to pay for the rental of a new piano for the summer. It is to be an all day affair and a tournament mixed foursomes and putting contests will be arranged by the games committee. The talk of installing a gasoline engine to pump water from the well to the club house for use in the kitchen and baths has again led to the talk of having the electric light company extend their wires from the Page farm to the club house and install a motor and wire the club house with electric lights. The plans are as yet merely talk and Mr. Korst says nothing definite has been done or agreed upon.

Georgia Teachers in Session.

Macon, Ga., April 25.—The members of the Georgia Educational Association have every reason to feel proud of their forty-first annual convention, which was formally opened here today and will remain in session until the end of the week. A number of distinguished educators will speak and the discussions will cover a wide range.

JUNE REVIVAL IS NOW A CERTAINTY

And Churches Will Begin Active Preparations—Definite Word Received from Rev. C. R. Scoville.

Rev. C. R. Scoville, the evangelist, has sent definite word to Rev. R. M. Vaughan that he and his assistants will come here in June to conduct the religious revival which is planned for that month. The churches fostering the movement will now begin to make active preparations for this season of awakening. It is probable that a large choir will be organized under the direction of Mr. De Loss Smith, the vocalist who accompanies Rev. Scoville, and another of his assistants, Mr. Ullom, will probably precede the evangelist several days. It is expected that the services will be commenced on Sunday, June 2. They are to be conducted at the West Side rink.

JANESVILLE MEDICS TO GIVE ADDRESSES

Green County Medical Society Will Meet in Monroe May 7—Daily Brodhead Report.

(SPECIAL TO THE GAZETTE.)
Brodhead, Wis., April 25.—Physicians and surgeons of Brodhead will attend the Green County Medical Society meeting in Monroe May 7 and several will participate in the program. Those to give addresses or conduct discussions are: Drs. G. S. Darby, J. L. Fleck and H. D. Murdock. Dr. T. W. Nuzum of Janesville will read a paper on medical study in Europe and the discussion of the questions will be carried on by Dr. J. F. Pember, also of Janesville, and Dr. Looibourgh of Monroe.

Mrs. M. H. Doty returned on Saturday from Texas where she has spent the winter months. She stopped for some time in Chicago where she visited with her daughter, Mrs. P. D. Swan.

Mr. and Mrs. A. R. Crathorne are home from Bremen, Germany, where Mr. Crathorne has been studying. They report a stormy voyage. Mr. Crathorne received his degree of Ph. D.

Mr. John Knellwolf, who is bookkeeper for Jacob Marty, had his nose broken and was considerably bruised otherwise by being thrown from a buggy in which he was riding, the horse being frightened.

Rev. J. F. Porterfield, a former pastor of the Baptist church, is here from Algona, Iowa. A reception will be held for him by Mr. and Mrs. L. W. Terry at their home this evening at eight o'clock.

At a meeting of the Lecture Course association held on Tuesday evening all of the officers were re-elected. The net receipts for the past year are \$18.75, a balance that assures the financial success for next season's course. It also assures better talent than heretofore. An \$800 course is being talked of by the directors for the coming season.

Mr. George W. Zimmerman died suddenly of heart trouble and dyspepsia at his home in Spring Grove on Tuesday evening. Funeral services will be held Friday morning at ten o'clock at the home of C. C. Zimmerman.

Mr. Ed. Valkey and mother have moved to Beloit where Ed. has the position of porter in the Goodwin House.

Mrs. Emil Schand has gone to Chicago where she will undergo an operation in the Presbyterian hospital. She was accompanied by Dr. J. Fleck.

The funeral services of Mrs. E. Hill occurred on Tuesday at the home, conducted by Rev. J. F. Porterfield of Algona, Iowa, a former pastor here.

PRECAUTIONS WERE OF LITTLE AVAIL

Ralph D. Baldwin and Bride, Miss Minda G. Anderson, Surprised by Congratulations.

Ralph D. Baldwin and Miss Minda G. Anderson, both of this city, took an early car over the interurban road for Rockford yesterday morning and after securing a marriage license from the clerk of Winnebago county were united in the bonds of holy matrimony at the parsonage of Rev. Frank D. Sheets.

The bride gave her name as M. Gust Anderson, the groom as R. Dwight Baldwin and their residence as Beloit and instead of returning home directly went to Beloit, where they were the guests of Mr. Baldwin's brother.

When the young couple arrived in Janesville this morning their friends extended congratulations, all their precautions to keep the wedding a secret for a few weeks having proved of no avail.

Mr. and Mrs. Baldwin are residing with the groom's mother, Mrs. Esther Baldwin, 14 Valentine street. Mr. Baldwin is employed as lift man on the Hayes block elevator.

LIGHTNING'S QUEER PRANK ON ELM TREE

Slivered Large Groove, Down Limb and Trunk, Followed Root and Again Appeared Above Ground.

During the electrical storm of last evening lightning played a queer prank in the court house park. About seven o'clock a bolt, the report of which sounded like the detonation of a huge cannon to those residing nearby and was heard all over the city, struck a high elm tree on the side hill back of the court house. Splintering small branches it ripped its way to the trunk and hollowed out a wide, deep groove to the bottom. Going into the ground it followed a root for a distance of ten feet, marking its path by upheaving the ground. It seems to have again appeared above ground and a hole two or three feet away is evidence that it probably re-entered the soil. Strips of bark and wood are scattered for yards about the scene.

There are fashions in speculation; one year it is oil wells, then there is a season of investment in far away agricultural projects; Wall street and the stock market get the people for a time and then mining stocks are the proper thing. Farming land has its turn and city lots sooner or later have an inning. Whatever fashion is in vogue, there are always some winners, but it is safe to say that in the majority of cases one fashion or another, the speculator, at least the small one, would be money ahead had he been satisfied with the interest paid by this bank's certificates of deposit.

FOOTLIGHT FLASHES

SCENE FROM ACT II. OF "FORTY-FIVE MINUTES FROM BROADWAY" HERE TOMORROW EVENING

One of the most important amusement events on the season's calendar is announced for Friday, April 26, when Geo. M. Cohan's biggest success, "Forty-five Minutes from Broadway," will be presented at the Myers theatre. This attraction comes under the managerial banner of Klav & Branger, which lends to it the prestige of this great theatrical firm. It signifies a cast of prominence and a production that will leave nothing to be desired. The company is one of the largest and most expensive organizations on tour this season. Its cast of principals is headed by Cohan, whose popularity is unbounded. There is the usual attractive and lively Cohan-esque ensemble and several of the greatest song hits this

popular young man has ever composed, notably famous of which are: "So Long Mary," "A Popular Millionaire," "Only 45 Minutes from Broadway," and "Mary Is a Grand Old Name." In writing this play Mr. Cohan has departed from his usual field and given the stage a play abounding in sentiment, pathos, dramatic situations and fetching climaxes. Combined with the musical background it has resulted in an entertainment that will undoubtedly prove a lasting monument to the genius of this young writer, whose witty lines and colloquisms have already invaded three continents and evoked laughter and comment wherever the English language is spoken. Coming to the Myers theatre, Saturday, April 27, is the celebrated majestic, Polite, Fashionable, Vaudeville company of metropolitan artists and features. "It is the strongest attraction of its kind on the road," has received popular praise from the press and best satisfaction from the theatre-goers of every city it has played, introducing startling, sensational, pleasing features, best star specialties and don't travel on gorgeous cinematographic printing, but depends entirely on its grand entertainment to please the patrons. The entertainment is of the most refined nature, strictly catering to ladies and children and the better element. Popular prices will prevail and assurance of a large audience has been predicted. Don't miss this one.

John W. Daniel

Hon. John Warick Daniel, senator from Virginia, was born in Lynchburg, Va., on September 5, 1842. While still a college lad, the great civil conflict broke out, and Senator Daniel entered the Confederate army, where he did conspicuous service until the final surrender. He finished the war as adjutant general on General Early's staff. Immediately after the war closed, Senator Daniel began the study of law, and in a short time was admitted to the bar. He served both in the house of delegates and the senate of Virginia, and was sent to congress in 1885. He finally was given the post in the upper house of congress in 1887, where he has remained ever since, and has now until 1911 to serve in his present term. He has written a number of law books and his home is in his native town of Lynchburg.

CONCLUDE PEACE IN CENTRAL AMERICA

AMAPALA CONFEREES AGREE TO THE TREATY.

DETAILS NOT YET KNOWN

Report of New Honduran Revolution in Favor of Manuel Bonilla, the Deposed President.

Washington, April 25.—The state department has been informed of the successful conclusion of the peace negotiations at Amapala. A cablegram received Wednesday from Capt. Doyle of the United States cruiser, Chicago, dated Tuesday, says:

"Peace conference agreed to treaty at 11 a. m."

Capt. Doyle added that the peace commissioners and their staffs would embark Tuesday evening. It is understood from that J. G. Gomez, who represented Nicaragua, will be taken on the Boston to Corinto, and that the Boston will proceed to Acapulco, Mexico, on her way northward. Senor Garcia, the representative of Salvador in the conference, was to go aboard the Chicago and be taken to Acapulco, Salvador, and then the Chicago was to follow the Boston northward. The details of the agreement are lacking.

Honorable to Both Countries. San Salvador, Republic of Salvador, April 25.—A treaty of peace between Salvador and Nicaragua was signed Tuesday night at Amapala by ministers representing each country. The terms of the treaty are honorable to both countries. The conditions proposed by Salvador were accepted, and the demands made by President Zelaya of Nicaragua, for reparations for Salvador's part in the recent war between Nicaragua and Honduras, and that there be a free interchange of commodities between Nicaragua and Salvador, were rejected.

New Bonilla Revolution. Mobile, Ala., April 25.—According to news received here Wednesday by steamer another revolution is starting in Honduras in favor of Manuel Bonilla, and it has gained some headway in the vicinity of El Pimiento and Chaloma. The railroad bridge at Chaloma has been tampered with and everyone along the line of the road is said to be ready to rise at a moment's notice.

There is enough dynamite and bombs at the fort of La Guna (Puerto Cortez) to blow up the whole place, and the invaders from the interior have only three small trails by which they could enter the town. Cortez can therefore be defended against a much superior force. Guatemala, it is reported, has a large force on the border, about 40 miles from Puerto Cortez, but they have made no move yet.

Bonilla Will Try Again. Contreras, Mex., April 25.—Former President Manuel Bonilla of Honduras arrived here Tuesday night direct from his own country, via Salina Cruz. He states that he will await here the arrival of a steamer from the south, which will bring a friend whom he refuses to name, and that with this friend he will proceed to Belize and from there back to his own country to take up arms.

BIG BLAZE IN NAVY YARD. Pattern Shop and Store House at Kittery, Maine, Destroyed.

Kittery, Me., April 25.—A three-story brick building about 100 feet long and 40 feet in width, occupied as a pattern shop and store house at the navy yard here, was ruined by fire Wednesday night.

At one time a high wind threatened to carry the flames to a group of nearby buildings, including the building occupied by the Russian and Japanese peace conferees, but after the fire had been in progress an hour the wind diminished in force, and the firemen of the yard, assisted by the Portsmouth city department, were able to confine the damage to the pattern shop building. During the fire, a ladder fell and Corporal Agnew of the marines sustained a broken shoulder. No other person was injured.

A large number of costly patterns, valuable brass fittings and other stores were either destroyed or badly damaged.

ED. TATE AT LARGE AGAIN. Safe-Blower Escapes from St. Francis Hospital in Peoria.

Peoria, Ill., April 25.—Ed. Tate, well-known safe-blower who was held in this city on the charge of blowing the school board safe, and destroying the N. C. Dougherty script, escaped Wednesday night from the St. Francis hospital, where he had been for several days suffering from blood poisoning.

Park College Dormitory Burned. Parkville, Mo., April 25.—Sherwood hall, a frame dormitory connected with Park college, and a one-story frame building used as a dining hall, were destroyed by fire Wednesday. The dormitory was occupied by 30 girls, all of whom escaped, saving their personal effects. Other outbuildings were saved only by the efforts of the students and citizens. Loss, \$10,000.

Female Barbers in Austria. There is special examination in Australian cities for female barbers, who are yearly growing more numerous.

TWO MINOR LEAGUES OPEN SEASON TODAY

Weaker Clubs in Connecticut Association Strengthened—Central Circuit Same as Last Year.

[SPECIAL TO THE GAZETTE.]

New Haven, Conn., April 25.—The Connecticut baseball league got under way today for the season of 1907 and unless all signs go astray there will be a lively race for the championship up to the closing day in September. Several of the weaker clubs have been strengthened and to all appearances the organization is exceedingly well balanced. The initial games were played today as follows: Bridgeport at Waterbury, Springfield at Norwich, Holyoke at New London, and Hartford at New Haven.

Central League Plays Ball. Terre Haute, Ind., April 25.—With the circuit unchanged from last year the successful Central League begins its season today with South Bend playing here, Springfield at Canton, Dayton at Wheeling and the championship Grand Rapids club at Evansville. The managers are looking forward to a prosperous season. One hundred and forty games will be played between now and September 15, on which date will come the wind-up clash of the teams.

ARKANSAS PLANS TO IMPROVE WATERWAYS

Well-Navigated State Will Spend Much in Bettering Her "Arteries of Trade."

[SPECIAL TO THE GAZETTE.]

Little Rock, Ark., April 25.—Arkansas, which is one of the most favored states of the Union in the matter of navigable rivers on or within its borders, now proposes to permanently improve these waterways, and particularly the Arkansas river and its tributaries. A conference held here today to organize a state river commission to act in conjunction with the national government, State and municipal officials and the various trade bodies and business organizations throughout Arkansas are taking an active interest in the movement.

MEMPHIS OFFICIALS RESIST.

Obtain Stop Order Against New Municipal Commission.

Memphis, Tenn., April 25.—Chancellor Heiskell granted a stop order to Mayor James H. Malone and other petitioners late Wednesday restraining J. J. Williams and the other members of the new municipal committee appointed by Gov. Patterson from assuming control of the administration of the city's affairs until the case comes up for hearing Friday next.

This action in the chancery court will prevent the members of the commission from taking immediate charge for Thursday, when the commissioners reach here from Nashville. Mayor Malone, several members of the city council and City Judge A. C. Floyd will resist vigorously the attempt to oust them from office before their terms expire, which is in 1910. Their efforts will be based on the alleged unconstitutionality of the recent act of the legislature which gives Memphis a new form of government and under which Gov. Patterson has appointed a president, vice president, three commissioners and a judge of the corporation court.

PLAN MOYER-HAYWOOD DAY.

Movement Launched to Take the President to Task.

Milwaukee, April 25.—A movement, national in scope, to set aside a Moyer-Haywood-Pettibone day early in May, on which day every union in the country is to protest against the action of President Roosevelt in denouncing the Western miners before they have been tried, has been launched in Milwaukee. The plan is to have leaders in every city in the country agree on a day on which large demonstrations shall be arranged and the president taken to task not only for his utterances in his recent letter but more especially in his communication to Honore Jaxon, of Chicago, in which he reiterates his criticism.

Something Like It.

"I asked the boss to supplement my salary to-day."

"Did he do it?"

"No, gave me the haka."

"Sort of comic supplement, eh?"
